**LEARN TO MAKE PROFESSIONAL LOOKING COOKIES
WITH CAKES 4 FUN**

22 June 2010 – Cakes 4 Fun, a leading cake company in Putney, is running a fun cookie course throughout the summer for all cake enthusiasts who would like to learn something new, brush up on existing skills and create professional looking cookies for family and friends.

The Cookie Fun course focuses on using a great recipe, how to roll and cut out cookies and make a variety of professional looking finishes and decorations.

Carolyn White, Founder and Director of Cakes 4 Fun, said: “For those who want to make more professional looking cookies, this course is ideal. It is fun to attend and will certainly give you the skills and confidence to create some fantastic cookies for family and friends.”

Our Cookie Fun course is running on the following dates throughout summer: 2 July, 18 August and 23 September. It costs £99 inclusive of all ingredients and equipment and takes place in Cakes 4 Fun’s new teaching rooms which are near their kitchens to help retain the experience of being within a working cake environment.

Editor's notes

Cakes 4 Fun creates delicious, unique and fun bespoke cakes to suit every occasion – from weddings, civil partnerships, corporate events, christenings and birthdays.

The company started in 2001 at Carolyn White's kitchen table and was born out of her passion to design fun and delicious cakes. Following her redundancy from the world of publishing, Carolyn started to grow the business through local customers. The company now operates from two busy shops in Putney where the order books are full of cakes for all occasions.

Every cake is hand-baked and all the delicious and mouth-watering fillings are created on site to ensure the cakes not only look stunning, but taste amazing too.

The company specialises in stunningly simple designs that give maximum effect – clean smooth lines, creative use of colour, exquisite sugar or fresh flowers, fun hand crafted sugar bridal models and delicate sugar detail.

Cakes 4 Fun bespoke service is available to those wanting something a little different. This ensures that specific requirements can be incorporated into a design that is truly unique.
