Recipe for love

Cakes 4 Fun (cakes4fun.co.uk) recently helped this creative groom, Daniel, make his own wedding cake! The h2b attended a course five days before his wedding and surprised his fiancée with a sensational cake he'd made himself! Cakes 4 Fun run a range of cake-making courses and prices start from just £99.

As if you needed another reason to tie the knot, this little gem from swiftcover.com is bound to keep your h2b happy. Adding your spouse to your car insurance policy could save you up to 20% compared to your singleton counterparts! Claims statistics show that married people are safer drivers!

Pale and interesting!

If you're planning your spring/summer wedding for 2010, don't discount dressing the groom in head-to-toe white as well! We love Moss Bros's (mossbros.co.uk) unique take on the traditional morning suit and think this look works brilliantly next to a bride – perfect for a crisp, co-ordinated look!

Fingerprint flair!

Give your groom a unique gift to treasure forever – a pair of silver cufflinks, featuring your fingerprint, from the Silver Impression Company (thesilverimpressioncompany.co.uk). Ask a bridesmaid to deliver them on the morning of the wedding, complete with a love note from his bride!
