Don't miss Kate Smallwood's Inspiration Sessions at the National Wedding Shows this year. Kate tells WV&S, "The most amazing weddings aren't necessarily those with high budgets - they're the weddings that have been well thought out and reflect the personality of the bride and groom. Think outside the box and plan a wedding that suits you. If a formal dinner party isn't your thing, don't plan an elaborate sit-down wedding breakfast. 2010 is all about having your wedding, your way."
